TO ALL CUSTOMERS AND SUPPLIERS

Update on SICOMA/OMG operations during Covid-19

Dear CUSTOMER / SUPPLIER,

Since the first days of the spreading of Covid-19, which is affecting an increasing number of countries, SICOMA and OMG developed a strong and effective plan of actions to keep the operation of the Companies to their usual levels.

Smart working was implemented for most of the functions and all Health and Safety measure were taken for the factory workers.

Now, following the measures provided for by the Italian Government, Act DPCM of March 22nd, we need to suspend the factory operations from March 26th to April 3rd. As a consequence, production and shipping shall not be possible in this period of time and all lead times and shipments shall be re-scheduled accordingly.

Sales, Aftersales and Administration shall be operating remotely and you can reach your usual contact person by email. Order and Quote processing, Customer Service and Technical Support shall be as effective as usual, together with Administration and Finance.

For any questions or clarifications, do not hesitate to contact us.

We are confident that together we will overcome this difficult moment.

Best regards,

President

PAOLO GALLETTI
